

## NON-PUBLIC STUDENT TRANSFER BUSES

**\*\* WHEN USING INFOFINDER I, THE TRANSFER BUS NUMBER WILL NOT BE LISTED. PLEASE FOLLOW THE INFORMATION BELOW FOR YOUR SCHOOL. \*\***

The Garnet Valley School District is pleased to provide transportation for students living within the geographic boundaries of our district who are attending private schools in our area. Our District provides transportation to private schools which are within a ten-mile radius of our school district boundaries. Because of the distance between Garnet Valley and the private schools, route times may be a little longer in length. We do, however, strive to transport the students in an expedient, efficient, and safe manner.

Non-public students attending the schools listed below will use transfer buses at the high school in the morning for transportation to their school of attendance. This means that private school students will be picked up at their assigned home bus stop location, transported to the high school and transfer to the bus which transports them to their private school. In the afternoon, only two buses (#43 and #97) use transfer buses. Students riding these buses will be picked up at their school of attendance, transported to Bethel Springs Elementary School and then transfer to the bus which transports them to their assigned home bus stop.

**The following schools are transported through our transfer location:**

<b>TRANSFER BUS #</b>	<b>SCHOOL</b>
43	Padua Academy, Salesianum School, Ursuline Academy
76	Delaware County Christian School, The Episcopal Academy
90	Delaware County Technical HS - Folcroft
91	Delaware County Technical HS - Aston, The Christian Academy
92	Pilot School, Tatnall, Tower Hill School, Wilmington Friends School
97	Archmere Academy, Immaculate Heart of Mary, St. Edmond's Academy
